PRESENTED BY THE
SENIOR CLASS OF

Hamlet High School
Hamlet, North Carolina

Dedication.

You stand there in the early morning sunlight, peering down at us from your great walls of brick and mortar. What are you thinking? Perhaps you are remembering old days, old faces. Perhaps you are thinking with pride of one of your students who has done well. Perhaps you imagine that you are growing old. For many years you have watched smiling teachers and reluctant students roam your hallowed corridors. And what of these years? Has there ever been a kind word uttered in your behalf? Have you ever received any reward or token of appreciation?

We, the Senior Class of 1960, thank you, Our School, for every experience we have shared in living and learning together. You have taken each life entrusted to your care and molded it with painstaking tenderness. When the path was uncertain, you pointed the way. In our hearts you have instilled love, and in our minds, wisdom. You have charted our future; for this we shall remain forever grateful.

Conductors

Just as successful operation of a modern passenger train depends on the skill and competence of its engineers and conductors, so does Hamlet High depend on the skill and competence of its own engineers and conductors — the administration and faculty—for smooth operation. Without them the wheel of the high school as an institution of learning would cease to turn, for there would be no one at the controls.

Passengers

A train without passengers is like a high school without students — only a hollow structure devoid of feeling for lack of tears and gladness that it has never known. Even though a high school may have the finest instructors and most modern facilities, if there are not students to learn and to mature within its walls, it soon becomes a symbol of nothingness and the winds run rampant through its doors.

In The Club Car

The club cars and other recreational cars of a modern passenger train make it more than just a means of transportation and a place to spend the hours before a destination is reached. These cars truly transform the train into a city on wheels. So it is at Hamlet High. Without its extra-curricular activities Hamlet High would be socially only a place in which to waste four of the best years of a student's life.

STREAMLINERS

Every coach wishes his athletes to be in top form at all times and to possess that streamlined appearance and reserve power which may spell out the difference between victory and defeat in the crucial moments of a game. In this respect the athlete could well take note of and profit by this streamlined appearance and reserve power of the modern passenger train — the mightiest single mechanical force moving across the earth today.

PAID FREIGHT

Without its paid freight revenue many railroads could not afford to operate a passenger division. Every year money made by transporting freight must be used to pay for the loss suffered by operation of passenger trains—now purely a public service. Such is true of the 1960 Choo Choo. Without its advertisements a publication such as this would be impossible. To its many advertisers the students of Hamlet High School are deeply indebted.

SENIOR CLASS HISTORY

The Senior Class of 1960 asks your permission to glance back at a host of wonderful times. We have had twelve years filled with work, play, smiles, and tears. We feel that we have gained much from our experiences together, and it is with a great deal of sentimentality that we present this — our class history.

First Year—It is a strange, new world. We meet each day in a large room filled with desks and books. We have learned to read of Dick and Jane, and sometimes, if we are good, we are allowed to color. Allyn Cortright has a huge box of crayons but he doesn't color with them. He throws them at Sandy Crowell, a rather tall fellow who has had to sit in the corner twice. Ilene Gunter was caught eating a piece of toast in class; she said she didn't have time to finish her breakfast. Nanette Atkinson and Diana Holland got in a terrific fight today; it seems that Diana wanted to be first in jump-rope. We couldn't understand why Peggy Clark's mother carried her into class today, but Peggy said something about a "Charley Horse" biting her leg.

Second Year—Without a doubt, Joe Hogan keeps the messiest desk in class. Brainy Brenda Jenkins always makes 100 on spelling and today Nancy Polk got all her arithmetic problems right. Hoda Levine is continually arguing with someone and today she and Elizabeth Warr almost came to blows. They both wanted to stand next to William Land in the lunchline. We have learned to play hopscotch and Sandra Clark is current champion; she defends her title against Gwen Raby next week. Jimmy Kirkley walks home with a different girl each day, but he's losing his reputation as Casanova to a new boy, Dabney Craddock, who keeps the girls guessing.

Third Year—We are having a most difficult time with the multiplication table. Sarah Ellen Gordon worries Norman Gibson to death asking him to explain it to her. Sharon Peck, Jewel Gardner, and Mickey Hancock are the best hitters on the softball team, and Linda Liles throws a mean curve. Bonnie Anderson prefers

jack-rocks to the more energetic sports; she and Loleata Brooks can be seen playing every day during recess. We have a musician in our midst—Billy Gill can play every instrument in our rhythm band and is sometimes allowed to direct.

Fourth Year—Learning to write longhand is no easy task, but Judy Altman gives everyone else an inferiority complex. Jimmy Brittingham, the walking Univac, surprised us by knocking three homeruns. Of course, John Poole is still the No. 1 athlete and has many girlfriends, as a result. Shirley Morse and Roberta Walker drew a mural on the blackboard and John Howe was so rude as to ask what it was! We have all decided that Linda Clarke bears some resemblance to Cinderella with her long blonde hair.

Fifth Year—Bobby Moore and Gerald Cook, two new students, impress us very much. Bobby knows much about history, and Gerald charms the teacher with his manners. It seems that some of us didn't do too well on our math exam, but we didn't feel too bad until it was announced that Billy Horne made 100. Jay Austin is the only boy in class who can make an oral book report last thirty minutes.

Sixth Year—Warren Calloway has established himself as another Rembrandt by painting a beautiful Christmas scene. Michael Hendrick informs Hoda Levine that she looks horrible in glasses. There are numerous parties of the Girls-Sit-On-One-Side-Boys-On-The-Other type. We are practicing hard on our May Day programs.

Seventh Year—We live in another world now—a world of parties and dates. Wendy Pate is the latest lady-killer. Allyn Cortright has discovered cars and drives his jalopy all over his farm. Claudia Duncan says that she would rather dance than eat. Janice Parks, otherwise known as "Teddy", is becoming an intellectual. Reading interests Jimmy McEwen more than anything—except hunting. Hunting interests Bill Stubbs more than anything except girls.

SENIOR CLASS HISTORY

Eighth Year—This is the year of mischief. Jimmy Rachels was caught crawling out of class. A group of girls popped a bag of popcorn for a special cloakroom feast. Two new girls, Sara Harris and Janis Colbert, have joined our company and we are now initiating them into the ways of the world. We have decided that we are ready to leave the good old days of childhood and go on to something bigger and better — high school! Our Commencement Exercises will be the climax to a wonderful year.

Ninth Year—The first days of high school were so wonderful, but now we realize that school is school and means plenty of work. Rudy Singletary charms Mrs. Ballenberger and manages to get an A on Latin. Catherine Smith's height makes her a valuable intramural basketball player. Carolyn Matthews and Susan Scarborough have developed the ability to study and impress all of us. Lynn Steen is the Einstein of the mathematics world. The band is fortunate in having David Millson, Charles Brown, Sandy Crowell, and Jack Fetner as versatile members. Wanda "Lizard" McManus drives Mrs. Hamilton crazy. Carroll Garner is Miss Winstead's right-hand man.

Tenth Year—Larry Wallace, Sammy Whitley, and Johnny Cowan love to diagram sentences for Mrs. Wagner. Homecoming was quite a rainy day and the floats, which had been the objects of so much work, were a soggy mess. Floyd Smith is a familiar sight in the library. Homer Smith and Billy Rich are the greatest Latin translators since the days of Julius Caesar! Such a stack of books as Coleman Shelton carries would make Superman collapse. Cartha Fetzer has been welcomed as another sophomore and she and Carolyn Carpenter can be seen passing notes back and forth.

Eleventh Year—Billy Bowen and Ronnie Adams find underclassmen quite attractive. Richard Lassiter and Mrs. Gibson get along famously, but James David Maples, Rodney Hendley, and Larry Hardin have to count to ten. Jane McEwen, Ann McKeithan, Portia Wooten, and Daphne Zilonka are avid French stu-

dents. Beth Utter's fans are thrilled by her guarding tactics in basketball games. The V.I.P.'s on our football team are Lee Suggs, Arthur Martin, and Buck Hodges. Billy Thompson is the very dependable manager of the baseball team. Emma Cowan is intensely interested in the tenth grade. At the end of every month Donald Caulder is found in the office working on his bus driver's report. Vance Mann has moved to town and is already a member of the track team. What's the commotion? Why, it's the gang ooh-ing and ah-ing over Billy McDuffie's fabulous French paintings.

Twelfth Year—Sara Harris is working like mad on her annual with William Land always ready to lend a hand. Yvonne Wilson proudly displays her diamond, while Ora Tarlton, Loleata Hayes, and Brenda Thomas talk blissfully of married life. Three lovely flagbearers for our band are Judy Corbett, Linda Monroe, and Jeanne Long who get bleary-eyed whenever the alma mater is played. Lanny Jacobs, Jerry Hodges, and Frank Andrews are very much impressed with Mrs. Bauersfeld's Early Morning Class. Mrs. Bauersfeld is impressed with the conscientious work of Martha Jacobs. Kay Roberts, Virginia Steen, Phyllis Smith, and Jo Ann Steele find the cloakroom ideal for private discussions. Nelta Crump can tell the funniest jokes you ever heard. Our favorite couple, Frankie Nowlan and Pokey, never seem to disagree. The Quiet Ones, Sonny Patton and Charles McKeithan, are content with just being Seniors, but Bert Russ has appointed himself Mr. Ambassador of Good Will. Chemistry fascinates Carol Odom who sometimes, however, takes time out for a little gossip. We are all eagerly awaiting Graduation Day.

Another year is gone, another class is passing through the door to the future. It is impossible to fully express how much our teachers, friends, and school have meant to us, but we should like to thank you for your continued guidance and understanding.

Mrs. Phifer,
I have certainly enjoyed
having you as a teacher. Although
it has been three years since
I've been in your class, I'll
know I'll never forget your sweet

Mrs. Phifer,
I can't say the many
things which are in my

the words; "I hope that
you will live forever,

Mrs. Phifer,
I'll always appreciate
the good background you
gave me in 9th English.
Thank you ever so
much.
Love,
Susan Scarborough

Mrs. Phifer,
Gee! I hardly know what to
write. Well, one must begin. I've
known you for a long time, but I
seem to clam up about writing
to a teacher. The only year
I ever had you for a subject
was the 9th, I'll never forget
the stories you told us, nor
will I forget you.
Sincerely,
Coleman
Shelton

Mrs. Phifer,
It is truly a great honor to be able to write something to a wonderful teacher and person. I shall never forget the warm and friendly ninth grade English teacher who made me feel so "at home". Also, I shall never forget the person who has been such a help and inspiration to me.

Thank you, Mrs. Phifer, for all the wonderful memories.... the annual, the play, classes, etc.

May all your students appreciate you as much as I do!

Always,
Hoda

Mrs. Phifer,
Knowing you these past years have really meant a lot to me. Thank God for such wonderful teachers as you! Jewell Gardner

Mrs. Phifer,

I'll always remember you as more of a mother than a teacher. You certainly are a wonderful person and I'll think of you often in years to come.

Best wishes,
Ally

Mrs. Phifer,

I have really enjoyed being in your classes. I wouldn't take a million dollars for those days. When I came out of your classes, I really felt that I had learned something. You have always been my favorite teacher, and I hope you will keep on teaching for many years to come.

Sincerely,
Bernd
Cook

Mrs. Phifer,

I shall well remember
your treatment English
course where you taught
the rudiments of spelling
grammar.

Jimmy Buttingham

Mrs. Phifer,

There will always be a place
in my heart for such a "great"
teacher as you. You've been a
tremendous inspiration to me all
through the years. I'll never
forget your quiet and sweet
voice, it becomes your personality
so much.

Love always,

Dabney Craddock

Dear Mrs. Phifer,

You'll always remain with
me as one of my favorite teachers and
the one who taught me the most. I
guess the Senior Class will never forget
you and your sweet personality. It
certainly is a pleasure to have you
in the family, even though it's a
little way down the road.

Love Forever,

Sandy Crowell

Mrs. Phifer,

I'll always remember having
you as my homeroom teacher.
Although you gave me a "C"
on conduct, I guess I deserved
it. I'll always remember you
embarrassing me about my
brand. You are now forgotten
since I'm giving another
one. Sure it had to hide
a ugly face.

Carroll "Castro" Hester

Mrs. Phifer,

I have enjoyed being a pupil
of yours. Even though you
have only taught me in the
ninth grade I still remember
it very well. I'll never
forget you.

Buck Hodges

Mrs. Phifer,

See, I could write all
right on those two years
you taught me but I'll
settle by saying thanks
for the guidance and leader-
ship you gave me.

Best of luck always.

Richard Lanier

Mrs. Phifer,

I realize that most people try to say things to make the owner of the book feel good, but I am serious as can be in what I'm about to say. I really am having a nice time and I owe it all to you. You are wonderful. Mrs. Phifer, I think you are a wonderful person and teacher. I guess I am saying the same thing over and over but I am about to cry. I get that way when I think of what I would have missed if it hadn't been for you. Mrs. Phifer, I could say thank you over and over and still not be able to let you know how much I appreciate all you have done for me.

Sincerely

Judy Corbett

Mrs. Phifer,

I've enjoyed having you teach me. I think you are a very sweet and kind person. Best of luck and happiness. May God bless you.

Love,
Emma Ina Cowan

Mrs. Phifer,

Words cannot express my feelings for you as a person and a teacher! I think you are one of the best teachers I've ever had, even though you were never able able to get very much English in my head!!

Now May God bless you always in the coming years!

Love always,

Daphne
Zilanka

Mrs. Phifer,

I guess you know that I shall be grateful to you always for the help you have given me this year.

Without your understanding and kindness, I am afraid I would have given up. May you always help others and give them the encouragement you gave me.

Sincerely,
Ora Tanton

Dear Mrs. Phifer,

4/15/60

It seems only yesterday that I was sitting in your freshman English class, scared to death, thinking how strange it was to have for a teacher someone I'd known all my life! And now that I'm a Senior, it no longer seems strange, but really natural, to be in your class. It had meant so much to me, being in your homeroom. I shall refrain from saying "You're one of the best teachers...." but wish you to know how much you've meant during my school years. Thank you for everything.

Love,
Sarah Ellen

Mrs. Phifer

Dear Mrs. Phifer,

I have really enjoyed being in your class this year and in the 9th. I shall always remember you as the sweetest and best teacher I have ever had.

Love,
Jan Cooper

Dear Mrs. Phifer,
I was in your class in the 9th grade and you were one of the brightest shining lights in my life. I'll never forget the advice you have given me with the past. I hope the future holds many more years of teaching for you so that there will be able to receive the blessing of your knowledge.
I thank you.

this year has meant to me. I have
learned very important things this
year, and I hope I can remember them
all.

Thanks for everything.

Mrs. Phifer,

It would be impossible to tell you what an
impression you have made on my life. I have enjoyed
being in your English class, and I have learned
a lot. I hope that our friendship will continue to
grow in the coming years.

Love always,

Rosalie McEwen

Mrs. Phifer,
I can undoubtedly
say I think you are
the best English teacher
I've had. The main thing
I like most about you is
your patience with some of us
"dumb freshmen". May God bless
and be with you forever.

Dear Mrs. Phifer,

I tell all my teachers that they
are my favorite but when I tell
you its the truth. An Eng. is
also my favorite subject as long as
we don't have grammar. But no
matter what we have yours my
favorite teacher. I surely hope
I have you in years to come!

Love,
Lee Oldzawski

Mrs. Phifer,

I has been a great pleasure for me to have
you as English instructor this year, especially in
American Literature! You are a fine person and a
great teacher. I have learned many things this
year about reading. You have taught me to appreciate
poems.

Thank you very much for a year of learning
and a year of fun - even if the fun was in school!

A great admirer,
John Lewis

Mrs. Phifer,

It has been
wonderful having
you as my teacher
in the 9th and 11th grades.
You have been a
wonderful influence
on me and I've
learned a lot from
you. I hope that I
can be your friend
for many years to come.

Mrs. Phifer,

I have enjoyed being in your class this year. Thanks for all the help you gave me. Best of luck in the future.

Wilson McDonald

Mrs. Phifer,

I have enjoyed being in your class very much this year. I appreciate all the help you have given me this year. Best of Luck always.

David Louin

Mrs. Phifer:

It has been very nice being in your English class this year. You have an unusual manner of teaching that I like very much.

Some people consider you too rough on us sometimes, but I think that your being rough will help us quite a bit in our college years.

You have been a great influence to my education and I know, because of you, I will be better prepared for freshman English in college. Best of luck to a wonderful teacher.

Johnny Norwood

Mrs. Phifer,

I have enjoyed very much the two years that I have taken English under you. I think I have learned more in your classes than in any other class. You prepare your students very well for the future. Keep up the good work and I know that every pupil under you will enjoy being in your class.

Best of luck always,
Larry Howell

Mrs. Phifer,
I have enjoyed
having you for English,
I appreciate all the help
you gave me in the 9th grade
and this year. I will always
remember you as one of my favorite
teachers.

Love,
Mary Lee Monroe

Mrs. Phifer,
I always heard what a wonderful
teacher you were, but I never knew
till this year. You have been a great
influence to me and I hope you'll
be around H.H.S. for a long time
to help others as you have helped me.

Best of luck,
Barbara Rowant

My dear Grace,

I am sure you are tired
of being referred to as a dear,
sweet teacher. Therefore, I shall
consider you as the beautiful
woman that you are.

Love,

Lawson Tephurch.

Mrs. P. Phifer,
I have really enjoyed
being in your English class
this year. Thank you so
much for the help you have
given me.

Best of luck to a wonderful

Mrs. Phifer,
I have surely
enjoyed having

do not have any

to one
of the best teachers I have ever
had.

Always,

Mrs. Phifer,
I certainly have

been a great help in

it. I shall never forget
you.

Jane M. Green

Mrs. Phifer,

I'll remember you more than

I enjoyed you so much.

Mrs. Piper,

I certainly have enjoyed having you as an English teacher my freshman and junior year. I'll always remember you as someone I learned an awful lot from - in school and out! You set an example anyone - girl or boy - would do well to follow.

I want to wish you all the happiness and success in the world. You really deserve it.
